The University of Cincinnati Board of Trustees unanimously approved a motion to officially appoint Dr. Santa Ono to the position of president Tuesday. "It was an easy decision," said Frank C. Caruso, chairman of the board. The motion was proposed and approved by a unanimous vote of the board.

"The seven trustees who are serving on the board, the entire board, and the administration and faculty, as well as the students, were quite impressed with Dr. Ono over the last several months," said Caruso. "We really do believe the institution is in very good hands." The Board of Trustees met this afternoon to bring the motion before the board. Ono had been serving as the provost and senior vice president for student affairs at the University of British Columbia since 2010. He was previously the provost at Washington State University and the provost and executive vice president at the University of Victoria in British Columbia. He has also served as the dean of the School of Engineering at the University of Washington and the vice president for research at the University of British Columbia.

The Board of Trustees also announced the appointment of Dr. Ono's successor, Dr. Roderick J. Knowles, as the provost and senior vice president for student affairs. Knowles has been serving as the dean of the College of Arts and Sciences at the University of Cincinnati and was previously the dean of the College of Arts and Sciences at the University of California, Berkeley. He has also served as the dean of the College of Arts and Sciences at the University of Washington and the director of the University of California, Berkeley's Center for Research in the Social Sciences.

"It is an honor to be appointed president of the University of Cincinnati," said Ono. "I am grateful to the Board of Trustees for their support and confidence in my leadership abilities." Ono has been at the University of Cincinnati for more than 15 years, where he has served as a professor, director of the Center for Research in the Social Sciences, and dean of the College of Arts and Sciences.

Ono is a native of Japan and received his bachelor's degree from the University of Tokyo and his Ph.D. from the University of California, Berkeley. He is a member of the American Association for the Advancement of Science and the American Association for the Advancement of Science.

"I am very excited to be joining the University of Cincinnati community," said Ono. "I am looking forward to working together to further the institution's mission of excellence in teaching, learning, and research."
